Materials Presented for the Hearing

Applicants and members of the public are encouraged to submit materials to staff via email but must do so no less than 30 minutes in advance of a hearing. All materials (including but not limited to models, pictures, videos, etc.) presented by any person speaking on any item on the agenda are considered part of the administrative record for that item and must be retained by the Design Review Officer until such time as all administrative appeals are exhausted and the time for legal challenge to a decision on the item has passed. If you wish to retain the original of an item, a legible copy must be forwarded to the Design Review Officer. An electronic copy of a photograph must be submitted.

Public Records

Public records that relate to any item on the open session agenda for a regular Coastside Design Review Committee (CDRC) meeting are available for public inspection. Those records that are distributed less than 72 hours prior to the meeting are available for public inspection at the same time they are distributed to all members, or a majority of the members of the CDRC.

Decisions & Appeals Process

The Coastside Design Review Committee will make a decision when design review is the only application being considered or make a recommendation to a different decision maker when additional planning applications are associated with the project (e.g., use permit, grading permit, etc.). Decision rulings for a project are appealable to the Planning Commission. Appeals must be filed no later than ten (10) business days following the decision at the San Mateo County Planning Counter (address listed above). The applicable forms may also be sent to the project planner. They will coordinate with you regarding the payment of the appeal fee at that time. Appeal application forms are available online. The appeal fee is \$616.35 which covers additional public noticing.
